

IAFC's Workforce Solutions

How can we help with volunteer recruitment and retention?

Program and Grant Management Services

- Successful management of national, statewide, and local programs
- Assistance with grant reporting
- Budget management
- Daily program implementation of deliverables and recruitment campaign materials

Recruitment Planning Services

We discover your goals, needs, and challenges to formulate a customized plan for your department. Additional resources include:

Geographic Information System (GIS) Toolkit

We create a GIS Toolkit tailored specifically for your department that details your community's demographics, including lifestyle data and media preferences, for more targeted outreach.

Site Visits

We visit your department and meet with various stakeholders to provide recommendations for improving volunteer recruitment and retention.

Training

We provide various training opportunities, including online courses designed to help chiefs and administrative leaders in volunteer/combination fire departments effectively execute their roles and responsibilities.

We also offer presentations and facilitated discussions, sharing cutting-edge recruitment and retention strategies.

Media Services

- Recruitment campaign design
- Marketing assistance
- Printing of marketing materials

Social Media Calendar Development

We develop a monthly social media calendar to enhance your online presence and spread your recruitment message. Posts include recognition of current volunteers, upcoming events, and more.

Audience Outreach & Engagement

We develop tailored social media strategies to connect with target audiences, fostering meaningful engagement and building lasting relationships

Coordination of Media Buys

Let us help you navigate the various media outlet options and work to get you the best prices for:

- iHeart Media
- Pandora Radio
- Periodicals
- TV stations
- Billboards
- Social media
